

INTRODUCTION

The Diocese of Honolulu's Ministry for Persons with Disabilities in partnership with the Office of Religious Education presents "We Go To Mass", an assistive tool designed to guide parishioners to participate more fully and actively at Mass utilizing verbal and visual prompts.

Our ministry continues to seek new and innovative ways to welcome and include all believers to be full participants in the life of the Church. Thank you for sharing our mission of opening hearts, minds and doors to all of God's children.

Additional replacement pages for special liturgies will become available at a future date. For more information, go to www.catholicahawaii.org.

WHY AND FOR WHOM WAS THIS MASS BOOK CREATED?

WE GO TO MASS was originally created as a resource tool to assist young people within the Autism Spectrum to better participate when attending Mass. Over time and as we worked on revisions to incorporate the Roman Missal changes for implementation last Advent, it became evident that Catholics with or without disabilities could benefit by such a resource.
