ABOUT CREDIBLE CATHOLIC:

Credible Catholic provides:

- Evidence that there is a soul that survives physical death.
- Awareness that Father George Lemaitre's Big Bang theory has won over the majority of physicists and gives a scientific and rational explanation for an ordered life permitting universe?
- Overwhelming evidence that the Shroud of Turin is the burial cloth of Jesus Christ, and that the image on the Shroud is in fact evidence of the Resurrection, which is the defeat of death, and the promise of eternal life in heaven.
- Amazing 21st century validated medical/scientific evidence that the Eucharist is the living blood, body, soul and divinity of Jesus Christ. Further, the 21st century medical/scientific evidence of the Eucharist is tied to the 21st century evidence of the authenticity of the Shroud of Turin.
