The mission of the Office for Social Ministry is to support parish efforts in living the principles of Catholic social teaching, the foundation of our Catholic faith that calls us to live the gospel values as modeled by Jesus Christ. OSM calls parish communities to a deeper understanding of their baptismal call to link their faith and action through works of charity and social action. OSM believes that the mission for peace and justice can be realized through the following venues:

- By identifying, supporting, and training leaders who will organize people and activities around four ministry areas of direct service, legislative advocacy, community organizing and justice education

- By striving to establish ways of helping

parishes integrate social ministry in all aspects of parish life so parishioners do not see the social mission of the Church as fringe and also help establish good communication systems that keeps the entire parish ohana and community connected

- By creating formation opportunities to ensure that the social ministry work remains rooted in Scripture and Catholic social teaching

- By providing written, audio and video resources that support social ministry development in the parish

- By researching, planning and implementing specific programs that meet the needs of the poor and marginalized to include persons with disabilities and to advocate on their behalf.

- By coordinating Catholic Relief Services and the Operation Rice Bowl for the diocese and providing staff support to the Catholic Campaign for Human Development

- By networking with other diocesan offices in order to support each other and discover new ministry ideas and initiatives that respond to the social mission of Church

The Office for Persons with Disabilities works actively to promote disability awareness throughout the diocese by advocating for the full inclusion of persons with disabilities into the life of the church. Systemically this is achieved through education and training, advocating legislative action and through the development of diocesan programs affecting systems change. In direct response to parishes, the office offers support to all parishes by helping them to explore ways to respond to their parishioners with special needs as well as their families. Our mission is to ensure that the baptismal rights of all persons, including those with diverse gifts and abilities, are fully realized, respected and responded to. This can include physical access, sacramental access, program access and acceptance.

The Office for Persons with Disabilities is also actively supporting efforts with the establishment of ministry to and with persons who are elderly. Many of our senior parishioners live with such disabilities as diminishing vision and hearing, mobility impairments and dementia.

We, the Hawaii Catholic Charismatic Renewal Services (HCCRS) are a people of worship and praise, continually experiencing the grace of Pentecost, pledging to live transformed lives in holiness through the power of the Holy Spirit. We are called to spread the Good News and the Kingdom of God, to bridge the East and the West, and to proclaim Jesus is Lord to the Glory of God the Father.
